

LEON

Men's Soccer

Dear Gio Vitrano Scholarship Committee,

This letter of recommendation is for Ethan Stewart from Leon High School.

I am proudly writing you in regards to Ethan, his work rate and passion for the sport. He is a valuable leader on our team and he will be off to play college ball in the summer at SAGU. Ethan is a very dedicated athlete. He works incredibly hard during team time as well as putting in the time on his own while working on his game. Ethan has been part of Leon Soccer for the past 4 years. He started on junior varsity his freshman year and played varsity the remaining 3. Ethan played many positions settling as our central midfielder during his senior year earning a spot on the senior all star team for the state. As a youth player, Ethan has always been involved in soccer. I have known him many years due to his attending Little Lion camp over the summers. He has always loved the game and learning when near soccer. He is a student of the game.

Overall, he is an outstanding young man that really would model a soccer player that deserves to be a recipient of the Gio Scholarship. This is a very sensitive topic because Gio and Ethan were teammates 2 years ago. When Gio passed it was in the beginning of our season and Ethan shared what a great teammate Gio was to him during his sophomore year. Gio was such a good mentor to young players and Ethan really learned a lot about being a leader from Gio. Thank you for reading and best of luck in your selection process.

In sport,

A handwritten signature in black ink, appearing to read 'S. Evans'.
