

# AEROCLUB PARTICIPATION

I understand that being a member in good standing at a military associated flight club is a requirement to apply. However, I am not a member yet. There is a military associated aeroclub on base at NAS Jacksonville, Florida, where I am stationed as an active duty sailor. I am in communication with the flight school. I did not have the money for the club fees, as a large moving expense came up to move my wife from Arkansas to Florida to live with me at the time of the application. If awarded this scholarship, I would immediately pay the club fees, and continue my journey to achieve a PPL.
