

Hello!

Thank you so much for considering my application.

The files I wish to attach are much too big for the requirements, and compressing them would result in image resolution loss, so I've opted for attaching a link to my portfolio website.

The project I would like to emphasize for this application is under **“RESEARCH & BRANDING DELIVERABLES”**.

It will be my **“Neighbor 2 Neighbor”** Fictional Non-profit organization project mentioned in my essay.

However, feel free to take a look at my other work as well!
