**Re: Letter of Recommendation for Kaden Nappi**

Dear Road Forward Scholarship Selection Committee,

I'm writing you to recommend Kaden Nappi for the Road Forward Scholarship. Kaden began his part-time employment with Quogue Sinclair on June 30, 2025. Since that time, he worked after school and Saturdays to gain experience in the home heating business.

Kaden has demonstrated he's reliable, can work in a team-based environment, and has a genuine interest in the trades. He regularly accompanies our field technicians on service calls, gaining practical exposure to real-world technical work.

After completing Quogue Sinclair's safety & training program, *Kaden's responsibilities have grown to include loading propane bobtails, safely filling propane tanks and RVs, maintaining a clean & organized propane yard, and assisting with various office duties. In the aftermath of the latest blizzard, Kaden organized several of his classmates to assist in riding with our drivers pulling the propane delivery hose through two-plus feet of snow and shoveling underground fill locations so that there was no interruption in residential heating service. He approaches these duties with a "can do" attitude and performs these tasks with the necessary attention to detail.*

Kaden has shown a strong work ethic and embodies the spirit of the Road Forward Scholarship. I am confident that he will make the most of this opportunity and continue to grow both personally and professionally.

Sincerely,
