

Dear Scholarship Committee,

I proudly recommend Kennedi Lee for your scholarship and know she would make a worthy recipient.

I've gotten to know and watch Kennedi both as a leader and as a golfer over the past year. Kennedi was one of six interns serving in our first ever [HBCU Summer Internship](#) program at our chapter, and she was a rock solid leader for the group from day 1.

Our internship was designed to give college golfers at HBCU's both real world job experience, as well as the time and the resources to continue developing their golf games throughout the summer. From the outset, it was clear that Kennedi was resolved to make the most of her time on and off the course.

Her work ethic as an employee was outstanding and set the tone for the rest of the group. She communicated effectively, showed up on time, worked hard and was a team player. The group often looked to Kennedi for her leadership and she always delivered. She didn't sit around and wait to be told what to do. She took initiative and found ways to be helpful. Our staff trusted that we could give Kennedi the jobs that required the most responsibility and professionalism and she would always deliver.

Kennedi set the tone on the course for the group as well. She put in as much practice time as anyone else in the group and she was a strong competitor on the course whenever we would have playing opportunities. Her habits helped set a standard for the other 5 interns to emulate and we were lucky to have had her as an intern with us last summer.

After completing her internship, Kennedi has stayed involved in our work by helping run our social media accounts. In this role she gathers regular photo/video content and makes regular posts on social media. She is diligent in her work and effective in her communication.

The highest compliment I can give is that I would jump at the chance for her to come work for First Tee – Central Carolina when she graduates college. I would enthusiastically recommend Kennedi for this scholarship opportunity and know she would be a great representative of your mission. Please let me know if you have any questions or need any further information.

Sincerely,

Ryan Wilson
