Ricardo Pham

Hulede Collegiate Golf Scholarship

To whom it may concern:

It is with great pleasure that I have the opportunity to recommend Ricardo Pham for an opportunity to compete obtain the Hulede Collegiate Golf Scholarship. I have come to know Ricardo as a smart and attentive young man. One of our brightest young minds who is merely cracking the surface of his true potential.

Ricardo's dedication and willingness to help others continues to shine through. I feel honored to watch him grow into the leader he is becoming. He has shown through his ability to lead by example, to take on new challenges with a positive mindset, and his integrity, that he is someone fit to thrive when given the opportunity. I was thrilled when he voiced what this opportunity meant to him.

Ricardo has been a part of our organization as a part-time instructor and an assistant to myself as Facility Manager at FM Law Park. In between his busy schedule of maintaining a 3.7 GPA and competing in D1 golf tournaments for Texas Southern University, he dedicates his time and efforts to the growth of our program and the upkeep of our facilities. His flexibility and attention to detail are two of the small qualities that make Ricardo stand out.

Ricardo is one of the individuals I have grown to depend on in regard to helping to lead our younger classes. He takes the initiative of assisting our lead coaches in their set up and delivery of the curriculum after he leads his own classes. He truly is setting the standard very high. Any task given to him will be completed to the highest of his ability. My favorite quality of his, in fact, is his humility and ability to ask questions when he is unsure. When he approached me wanting to know my thoughts about his potential, it showed me that he is truly growing and maturing into a positive example for our community.

Sincerely,

Nick Narcisse

First Tee – Greater Houston

Program & Facility Manager – FM Law Park

PGA Associate
