*A good majority of scholarships that I applied to (7+ scholarships) were done in person through my high school. I never received any rejection letter so unfortunately I cannot show more rejection letters.

“Don't bend, don't water it down; don't try to make it logical; don't edit your own soul according to the fashion. Rather, follow your most intense obsessions mercilessly.” Franz Kafka

I believe this quote describes my personality very well because I refuse to let people tell me how i should act according to their standards. The message that Kafka is trying to send is to follow your obsessions and dreams without regrets and to never try and change for others. This quote sticks out to me the most because at times I've felt like i was going insane from my obsessions with fashion and the dresses i make, however at the end of the day I always feel satisfied with what I've made.
