To whom it may concern:

This letter is in regards to Elisha Flores. I've had the pleasure of knowing her for years. I was her home director in our victory home in El Cajon and she was residing with me in my Christian Rehabilitation Center for women (Victory Home). I've had the pleasure of being part of her growth and transformation here within her life. I believe she an asset within our ministry as well as an asset in our community. Elisha is an intelligent, capable, dedicated and personable young woman. I believe with the opportunity and being able to take part sharing Gods love in the secular world, especially in healthcare she will be able to further her growth within her christianity and within her life. Her perspective in life has changed immensely and I am very proud of the young woman she has become. Should you have any further questions or concerns please do not hesitate to call me at (619)635-4872.

Best Regards,

Christina Corbala
