

To Whom It May Concern,

I am honored to write this letter of recommendation for Seth Dick as he applies for the Randy King Memorial Scholarship. I have had the privilege of teaching Seth in several advanced science courses at Franklin Christian Academy, including Honors Biology, Honors Chemistry, and Honors Physics. Throughout his time in my classes, Seth has consistently demonstrated an exceptional level of academic ability, earning A's in all of them. His success in these challenging subjects reflects not only his intellectual capabilities but also his strong work ethic, discipline, and dedication to excellence.

What makes Seth truly remarkable, however, is the strength and resilience he has shown in the face of personal hardship. During the time his father was battling cancer, Seth's commitment to his academic and extracurricular pursuits never wavered. Despite the emotional and physical toll this situation must have taken on him, he continued to excel in the classroom, maintaining his high academic standards while also being a consistent and positive presence outside of it.

In addition to his academic achievements, Seth is an active and dedicated member of our school community. He played varsity baseball, participated in our chapel band, and contributed to various service opportunities around the school. His involvement in these areas shows his ability to balance a rigorous academic workload with leadership, teamwork, and a heart for service. Seth consistently exemplifies the qualities of integrity, perseverance, and faith, and his positive attitude has been an inspiration to those around him.

Seth's ability to thrive academically and maintain a spirit of service and leadership while navigating such a challenging personal situation speaks volumes about his character. He embodies the very qualities that the Randy King Memorial Scholarship seeks to honor: resilience, dedication, and the ability to overcome adversity with grace and strength.

It is without hesitation that I highly recommend Seth Dick for this scholarship. I have no doubt that he will continue to excel in whatever path he chooses to pursue, and I am confident he will honor the memory of Randy King in the way he lives his life.

Thank you for considering Seth for this important scholarship. Please feel free to contact me if you have any further questions.

Sincerely

Bob VanFleteren
