To Whom It May Concern,

I am honored to write this letter of recommendation for Shawnise Gregory, a remarkable student-athlete, mentor, and emerging leader in the golf community. It has been my privilege to work with her through the Journey Through 18 Foundation, a junior golf organization where she continues to demonstrate excellence both on and off the course.

Shawnise is currently pursuing a Bachelor of Arts in Psychology with a minor in Chemistry at Texas Southern University, all while competing as a dedicated member of the Texas Southern University Women's Golf Team. Balancing the rigorous demands of academics and collegiate athletics is no easy task, yet she has earned Honor Roll recognition three times, a clear testament to her discipline, intelligence, and focus.

As a golfer, Shawnise is incredibly talented, coachable, and passionate about continual improvement. She's not only committed to developing her own game but also to lifting up the next generation of golfers. Her commitment to mentorship was especially evident during the "Green Up Your Local Muni" activation, hosted in partnership with the LIV Golf Tour and the Journey Through 18 Foundation at Hermann Park Golf Course in Houston, Texas. At this community-focused event, Shawnise assisted in instructing junior golfers on short game techniques and played a key role in helping families and participants navigate the course. Her presence brought professionalism, energy, and warmth to the experience, and she was instrumental in making the activation a success.

Shawnise stands out not only for her athletic and academic achievements but also for her leadership, humility, and heart for service. She represents the future of the sport—one that is inclusive, inspiring, and impactful. I give her my highest recommendation and have no doubt that she will excel in any endeavor she chooses to pursue.

Sincerely,

Destany Hall
