Dear Scholarship Committee,

It is with great pleasure I write this letter of recommendation for Ms. Gabriela (Gabe) Bryan. I have been a coach in the ROWVA/Williamsfield Coop since 2015. Throughout my tenure, I have had the opportunity to teach, coach and know many talented young student athletes. To date I have only known of one Gabe.

Gabe is one of those student athletes you just knew her dreams were her vision. Her drive has always been something that truly sets her apart from her peers. Devotion is probably a better word. If it is in Gabe's life, it is for a reason. And that devotion throughout every aspect of her life is what allows her to set and obtain what many would call unattainable goals or dreams. But like I said before there is only one Gabe and she has always set her goals high and worked hard to achieve them!

I have been fortunate enough to have had the luxury of watching Gabe grow and develop into a wonderful young woman. As a freshman on a new team at a new school Gabe has shown great initiative to be a leader amongst her peers. Whether that role looks like she is needed as a leader or just a peer her attitude and effort are that in the same. She always puts the betterment of the team, coaches/faculty, and institution first.

Ms. Gabriela Angelina Bryan is going to be remembered by many for the amazing student athlete she was during her collegiate career. But she is going to be loved by every man, woman and child she gets to help because of her time spent learning and developing as a scholar at Culver Stockton. And I believe her acceptance for the Sturz Legacy Scholarship is just the beginning of her legacy!

Sincerely,

Beau Burnett
