The program would meet weekly and run events year-round. Amongst our events are regular nursing home visits, hospital visits, clothing drives and many other events around Jewish holidays. During his time volunteering, Tara proved herself to be a reliable, intelligent, sensitive, showing responsibility beyond her years. Tara continually exuded dedication and efficiency while also demonstrating initiative and ingenuity. Tara was able to form bonds and relationships with the elderly at the nursing homes and make their days much better. Tara had natural tendency and passion to help others and always shared her joy with those that surround him.

Sincerely,

Rabbi Yitzchak Gershovitz
