To Whom It May Concern,

I am writing to wholeheartedly recommend Tyler Drumm for this outstanding scholarship opportunity. As the Principal of our school, I have had the pleasure of knowing Tyler for the past three years, during which I have observed his remarkable growth both academically and personally.

Tyler Drumm has consistently excelled in his studies, currently ranking 6th out of 633 students. He is an exemplary student in our Advanced Placement and Dual Credit programs, demonstrating a strong commitment to academic excellence. His participation in Construction Careers Academy as an Engineering student has further showcased his dedication to his education. He actively engages in the ACE (Architecture, Construction, Engineering) Mentorship Program and has earned certifications in NCCER, OSHA-10, and AutoCAD. His perfect attendance for two consecutive years is a testament to his dedication and work ethic.

Beyond his academic achievements, Tyler has made significant contributions to our school community through his involvement in extracurricular activities. He has been a pivotal member of our baseball team, earning recognition as a 1st Team All District player, as well as, 1st Team Academic All District athlete for the past three years. His leadership as a member of the Leadership Council for Baseball exemplifies his ability to inspire and guide his peers, both on the field and in competitive situations.

Tyler is not only a great leader but also a collaborative team player. He believes in the power of teamwork, consistently encouraging those around him to strive for excellence. His ability to collaborate effectively with peers in the classroom has made a positive impact on group dynamics and overall learning experiences.

Furthermore, I had the pleasure of recognizing Tyler as the Student of the Year for Principles of Construction during his freshman year, an accolade that reflects his early commitment to academic and personal success.

In conclusion, I believe Tyler Drumm is an outstanding candidate for your scholarship. His academic achievements, leadership skills, and commitment make him an ideal fit for this opportunity. I have no doubt that he will continue to excel and make significant contributions in the future.

Sincerely,

Lance Enderlin
Principal
