To Whom it May Concern:

I am pleased to recommend Krislyn Stewart for your scholarship program. As the school counselor at Wadley High School, I have had the privilege of working with Krislyn during her high school career and have seen firsthand her growth, character, and commitment to her future goals.

Krislyn stands out as a student who is both academically dedicated and personally responsible. She has consistently demonstrated strong work habits, perseverance, and a genuine desire to succeed. Whether facing challenging coursework or balancing responsibilities outside of school, she approaches obstacles with maturity and determination. Her ability to stay focused on long-term goals, while continuing to put in daily effort is impressive. She has taken several dual enrollment classes and has been successful in completing all of them.

Beyond academics, Krislyn contributes positively to the school community. She is respectful, and someone peers and staff can trust. I have observed her show leadership through SGA, Key Club, Truth Club, FTA, FFA, Senior Beta, and as a Wadley High School Ambassador. She is an officer in all of the above mentioned clubs. She is also a varsity cheerleader. She is the type of student who leads by example.

In summary, Krislyn is a hardworking, capable, and deserving student who will be an asset to any college or university. I strongly recommend her for this scholarship opportunity. Please feel free to contact me at ssears@randolphboe.org if additional information is needed.

Sincerely,

Sunshine Sears
School Counselor
